

WOODHOUSE
SHOW AND EVENT SPECIALISTS

Grandstands - Covered

Woodhouse are proven specialists in delivering the temporary infrastructure required by international, national and regional shows and events nationwide and we continue to be many major organiser's first choice contractor.

Our Grandstands will not only enhance the look and stature of your next event, but with careful planning, attendance numbers can be maximised and overall spectator satisfaction level improved. Our seating complies with current industry recommendations and is designed with comfort in mind and affords generous leg room and a choice of viewing angles.

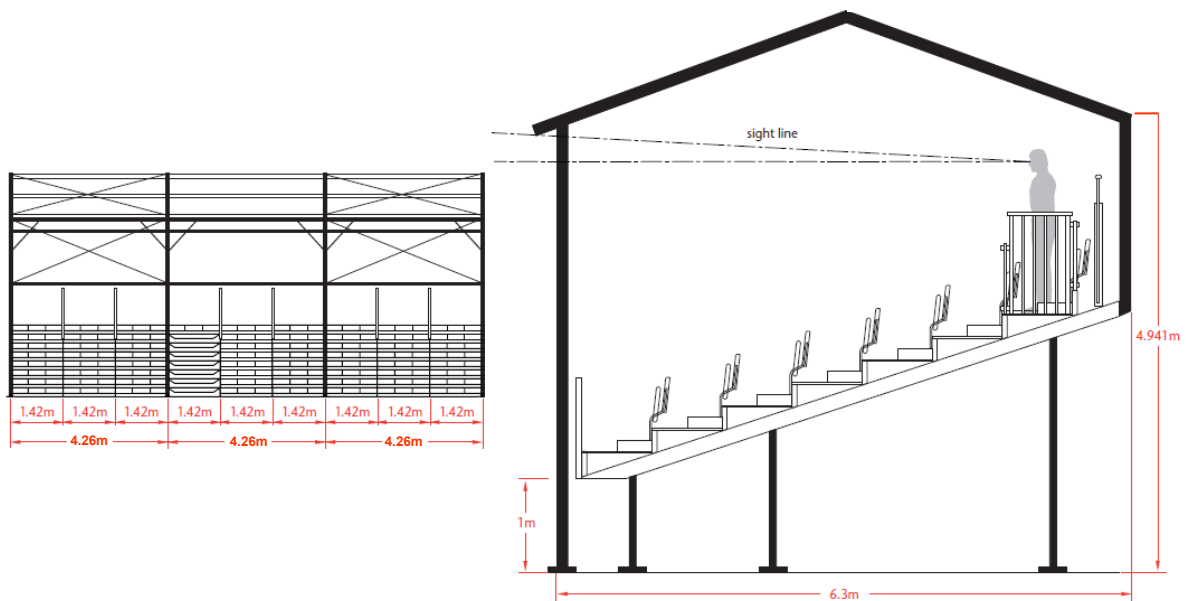

All of our hire equipment is erected and dismantled by our **dedicated and experienced on-site installation teams** ensuring that the **MUTAmarg** best practice industry standards are followed every time.

When you combine these superior quality products with the expertise and personal service you can expect from Woodhouse, you can be confident that your event will be a success.

See overleaf for our Technical Specification
