

WOODHOUSE

SHOW AND EVENT SPECIALISTS

Grandstands - Uncovered

Woodhouse are proven specialists in delivering the temporary infrastructure required by international, national and regional shows and events nationwide and we continue to be many major organiser's first choice contractor.

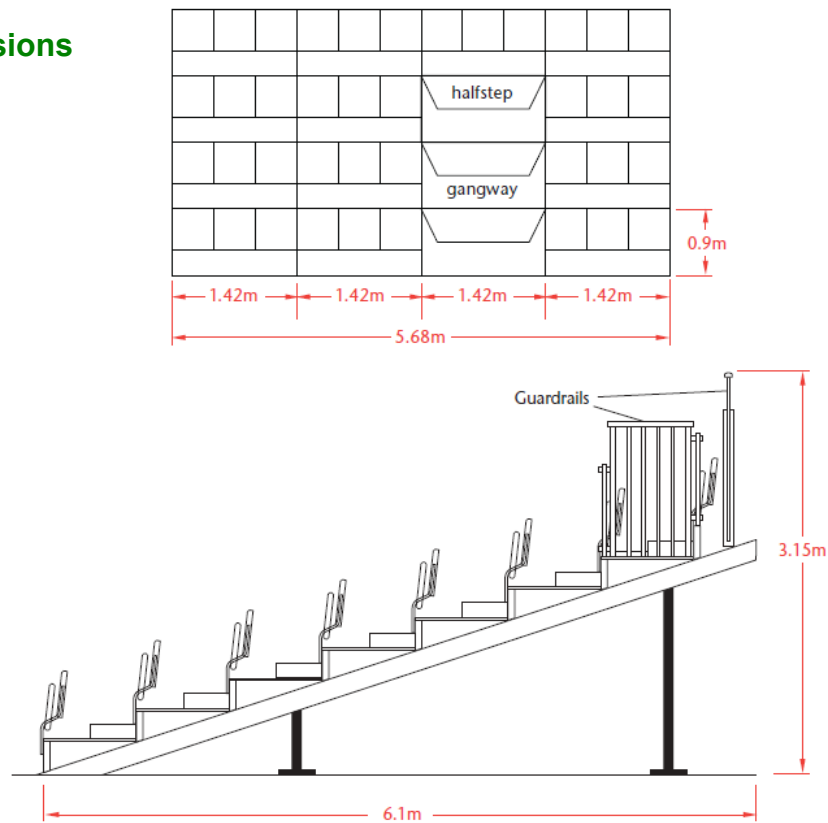

Our modern aluminium framed grandstands come in a wide choice of configurations making them the ideal solution to maximising spectator sightlines, capacity and comfort. Available with or without Clearspan[®] roof cover and on a fully adjustable substructure, you can be sure of a solid, safe and attractive grandstand which complies with present UK standards.

All of our hire equipment is erected and dismantled by our **dedicated and experienced on-site installation teams** ensuring that the **MUTAmarq** best practice industry standards are followed every time.

See overleaf for our Technical Specification
