

Temporary Veterinary Block

12 x 12m Veterinary Block

A dry, bright and well ventilated 12 x 12m structure containing four 3 x 4m treatment stables, a 6 x 4m open vetting inspection area and a 6 x 4m secure vets office. Features lockable, sliding entrance doors accessing the 4m wide central aisle with a fixed partition at the rear.

- Secure with lockable exterior barn doors (padlock) & lockable interior office doors (key).
- Constructed with the same framework, hdpe partitions and Clearspan® roof as our innovative Temporary Barn Stables.

- The Woodhouse Veterinary Block delivers a safer and more comfortable environment for all parties.
- The hdpe partitions are easy to clean and can also be effectively sprayed with an antibacterial agent, such as Vircon, if required.

- Solid, opaque, hdpe, interior roof on the vets office for added comfort and security. The office ceiling height is 2.3m.
- Floor, carpet and furniture are all available for the Vets office.
